Abstract: Each year since 1997, the Federal Interagency Forum on Child and Family Statistics has published a report on the well-being of children and families. The Forum alternates publishing a detailed report, *America's Children: Key National Indicators of Well-Being*, with a summary version that highlights selected indicators. This year, the Forum is publishing *America's Children in Brief*; it will publish the more detailed report in 2009. The Forum updates all indicators and background data on its website (<http://childstats.gov>) every year.
